## *It's our Love story*

*“We want to thank you for the incredible work you did arranging our wedding. From start to finish helping us create the perfect menu of our dreams, you understood our budget and made an amazing effort to accommodate. I loved the personal touches you made, especially the tasting night, this made us feel more confident about the food that was being served and the fact that all the staff were so down to earth and nothing was a problem made us feel really welcome. I will definitely be recommending you to everyone who is looking for a Wedding and want to thank you for making our wedding day flawless.”*
