Under 9 Age Group

The Under 9 age group is specifically to provide a link between your All Stars sessions and your under 11 hardball team.

One of our key principles when starting this age group was to try not to put any additional pressure on ground availability, therefore we decided the best time for this would be to play on the same ground at the same time as your under 11's.

This has the additional massive benefit of providing a very clear progression path for your young players from 5 years old to 11 years old. Whilst also providing massive continuity for the parents as all cricket (especially for those running All Stars on a Sunday morning) as their child's cricket is at the same time and day for a number of years.

The under 9 format must be completely based on fun and participation, with small numbers of players in a team, a short pitch and small boundaries. There will be no results asked for and no league tables produced.

I have listed below the teams and their contact telephone number for those clubs who have already said they will be running under 9s. I would simply ask that prior to each of your under 11 fixtures, you make contact with the club and have a chat through how you want to play the under 9s games and how many teams they will have.

Even those who have not said they have under 9s at this stage will be worth a phone call as they may have players as the season progresses.

Please note: For the Tyneside division, this is not to replace the existing mid week under 9 festivals you have had in the past, those will still run. These are in addition too those with a view of providing the most flexible options for your club, and provide as many opportunities for your under 9's. For information on the festivals format, please contact Aidan Lawson, 07909091926, e-mail - Aidan.Lawson@sky.com
