

## Session 2: English

### Learn Programme

#### National Curriculum:

##### Spoken Language

- Participate in presentations, performances, role play, and improvisations.
- Decode new words – extend vocabulary

# Crazy Commentator

Speaking & listening using cricket scenes, different forms of media and drama to convey emotions and meaning.

## A Part 1 - Starter

The 2019 Cricket World Cup Final was one of the most incredible games of cricket in the history of the sport.

Today, you are a commentator reliving the final moments of England's historic triumph.

Watch the final delivery of the 2019 Cricket World Cup Final:  
<https://www.youtube.com/watch?v=Tj9xPsdcxJM>

Look closely at what the players are doing and write down as many different actions as you can see.

Watch the clip again and imagine that you were at the ground watching the game unfold, write down what you can hear, what you can see and what you can feel.

#### National Curriculum:

##### Spoken Language

- Participate in presentations, performances, role play, and improvisations.
- Decode new words – extend vocabulary

### B Main Activity

Watch the clip again and listen to how the commentators inform the audience about what is happening and capture the excitement and the emotion of the crowd.

Now it's your turn!

Write a short script or paragraph as if you were commentating on the final ball.

Remember a good commentator will keep the audience informed but also use expressive language to make the viewers at home feel as if they are watching the action live at the stadium.

You might want to use a combination of exciting adjectives and powerful verbs to make your commentating interesting to the audience.

Record yourself commentating over the clip from the Cricket World Cup Final.

If your sibling wants to join in, be co-commentators!

We want to see and hear your best efforts! Send them in to Chance to Shine on social media. Search for Chance to Shine on Twitter, Facebook or Instagram.
