

Club Affiliation 2026

There were some significant changes to the annual affiliation last year, which are maintained for 2026 too. Durham Cricket Foundation is now mandated by ECB to ensure that all clubs playing recreational cricket in Durham are signed up to the ECB's rules, regulations and guidance that are applicable to it (as determined by the ECB from time to time), including (i) the ECB Anti-Discrimination Code and (ii) the General Conduct Regulations or Recreational Conduct Regulations.

We (Durham Cricket Foundation) must administer a process for recreational cricket clubs within our jurisdiction (or those who can reasonably be said to be within its jurisdiction) to become affiliated to the CCB, which must require each recreational cricket club to accept that the CCB has (and may exercise) regulatory jurisdiction over it.

We must adopt, implement and enforce the ECB's General Conduct Regulations, including through the establishment and application of appropriate disciplinary procedures and the appointment of appropriate disciplinary and appeal panels.

Changes to the requirements for club affiliation have been approved by the ECB Regulatory Board and Recreational Game Committee.

As a game we have the collective responsibility to ensure participants feel safe and included in whatever capacity they choose to participate. Whether as players, volunteers, or those operating in a paid or professional capacity, we want people to feel able to manage and respond to issues of ill-discipline or discrimination when they arise. The purpose of this project is to enable us to achieve this, by supporting clubs in being proactive at point of affiliation, by way of adopting appropriate policies allowing us to act effectively as and when issues arise.

INTRODUCTION

Affiliation is the formal process by which your Club becomes a recognised member of the regulated cricket community.

By affiliating to Durham Cricket Foundation you establish a relationship with us and, by extension, the England and Wales Cricket Board ("**ECB**"), that enables you to gain access to a whole host of benefits only available to affiliated clubs, such as access to a range of funding opportunities and entry to national competitions.
